Twenty-Two

Dedication

This year, the Reveille is dedicated to Mr. C. E. Orr, director of athletics at Newark Senior High School. Mr. Orr was formerly football, basketball, and track coach. Upon promotion to the directorship of athletics, Mr. Orr retained only one of his three former coaching positions, that as head basketball coach.

Mr. Orr's record as coach of the three major sports is a very impressive one. In his nine years as head football coach, Newark High teams won fifty-two games, lost thirty-nine games.

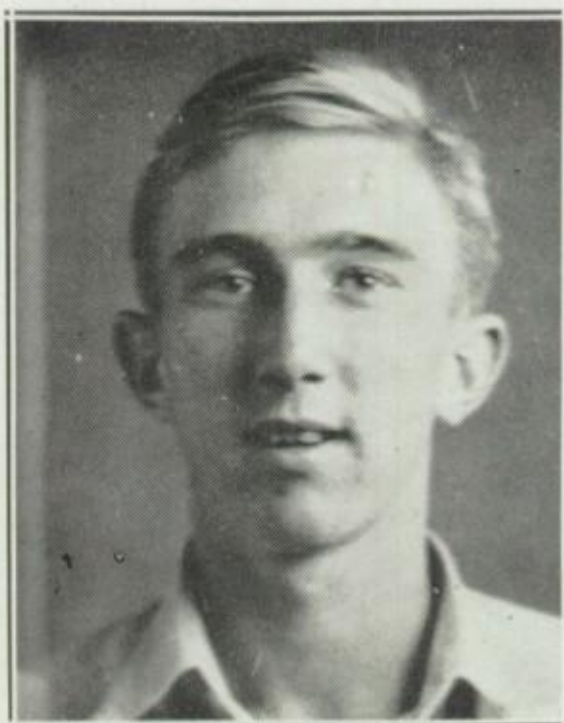

Mr. Orr coached two of his basketball teams to the state championship, the first being in 1936 and the second in 1938.

In track Newark High's men under Mr. Orr captured nine championships — six Central Ohio League titles and three Central District championships. This year, the Athletic Board, of which Mr. Orr is a member, arranged a track meet called the Newark Relays.

Mr. Orr invited teams from different parts of the state, so that all sections of the state would be represented.

Mr. Orr is the author of "Does a Coach Need a Master's Degree?" published in the 1939 December issue of **The Ohio Physical and Health Education Association**.

In Memoriam

WILBUR TOOTHMAN

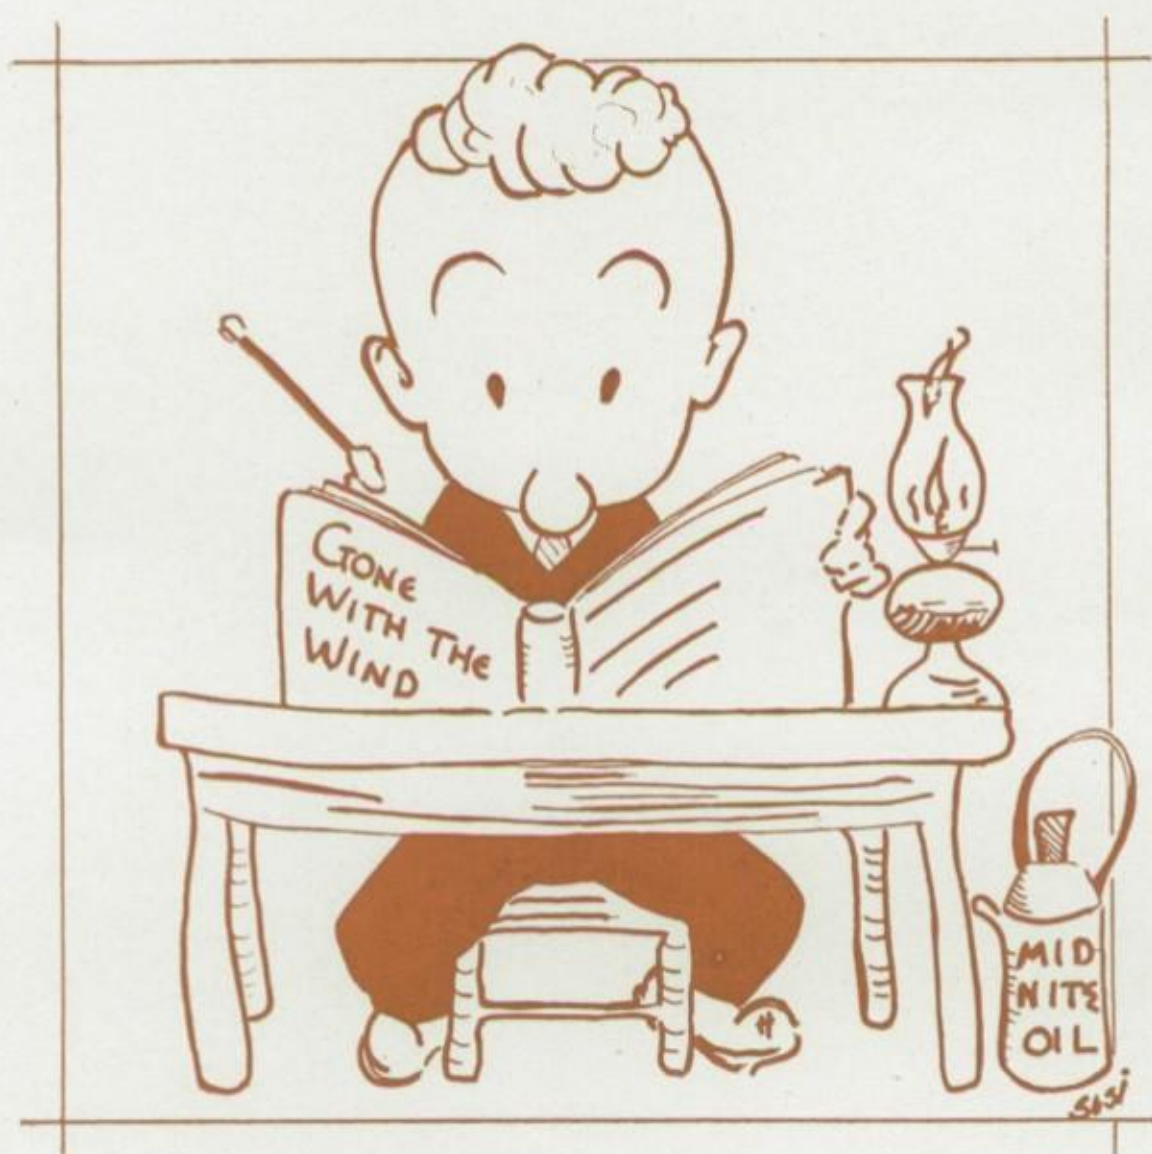

Sept. 26, 1920

Oct. 9, 1939

The entire school has been saddened by the death of Wilbur Toothman, a member of this year's senior class.

Wilbur was taking a general course. He was an active member of the salesmanship club and seemed to get a great deal of enjoyment out of his activities in the organization. He spent the last two summers in Military Training Camp and, while there, was commended for his excellent work.

The outstanding personality trait that Wilbur leaves in our memory was "cheerfulness". No one associated with him ever saw him angry or out of sorts with things or people. To have taught others how to smile as Wilbur did, is certainly not to have lived in vain.

The School Song

THE CRIMSON AND WHITE

Words by Nellie Ballou, '12

Newark High School, Newark High School

Loyal now thy children stand,
And we lift our song to praise thee
Fairest school in all the land.
Although strong may be thy rivals
They cannot withstand thy might,
For we all shall be defenders
Of the Crimson and the White.

(Repeat last four lines)

When at last our ways are parted
By the mighty monarch, Time,
And our duties shall await us
In perhaps some distant clime,
Then shall others rise to praise thee,
Who shall also know thy might,
But we still shall be defenders
Of the Crimson and the White.

(Repeat last four lines)

Mr. J. M. Mitchell

Mr. J. M. Mitchell, retiring head of the Board of Education, has left a record of loyal service of which Newark High School will always be proud. Mr. Mitchell became a member of the Board of Education in 1915. In 1925 he was elected president, a position he held until the present year.

Board of Education

Seated—Mrs. Evelyn Hill, Dr. Roland Jones, Mr. Walter Keller.

Standing—Mr. P. B. Edwards, Mr. Stacy Conrad, Mr. George Weaver, Mr. George Pfeffer, Mr. Walter Deweese.

The Board of Education principally takes care of the financial arrangements of all the schools in the city. They pass on the schools' financial policies and approve all expenditures made by the schools.

Also, the Board of Education appoints the superintendent, who in turn appoints the teachers, but the teachers are subject to approval by the Board.

This year several alterations have been made in the organization of the Board. The former president, Mr. J. M. Mitchell, resigned and was replaced by Dr. R. W. Jones. Mr. Walter Keller, associated with the Holophane Co., is vice-president. Mr. George Weaver, manager of Oil Well Supply Co., replaced Dr. D. C. Swigart. The remaining members are Mr. George Pfeffer, proprietor of the George Pfeffer Clothing Store and Mr. Stacy Conrad, proprietor of the Conrad Drug Store.

The physical education program is now divided into two activities. One of these is the participation in athletics on the gymnasium floor; the other is the instruction in hygiene given in health classes. Every student has eight physical education periods a month, six of which are periods on the floor, while the remaining two are hygiene classes. The gym classes are designed to aid in physical development and to provide athletics for hobbies in leisure time. The objects of the health classes are, first, to acquaint the individual with those general conditions and rules of personal welfare which may aid in complete mental and physical development; second, to be certain that the pupils be physical-

ly and mentally able to benefit by the instruction given; and third, to control the environment of the school in order to protect and promote the health of the pupils. The sports that are played in both the boys' and the girls' classes are basketball, baseball, and volley ball. Also in the girls' division there are interclass games in basketball, hockey, volley ball and baseball played after school, some in the gym and others at Everett's athletic field.

In the boys division there were also interclass games in basketball and baseball. By this program the physical education department has designed to develop boys and girls to the highest degree of physical fitness.

Athletics — Music

The school orchestra directed by Mr. Sam Gelfer furnishes invaluable instrumental experience and provides splendid opportunities for pupils interested in stringed instruments. Three of the orchestra members were chosen for the personnel of the Licking County Philharmonic Society.

The band and orchestra have constituted the chief musical activities this year. In these two ways each student is offered excellent opportunities to enrich his own cultural life and to stimulate his natural talent. Thus the individual develops a better understanding and deeper appreciation of the art of music.

The band strives to develop rapid sight reading and give its members a

comprehensive playing knowledge of standard and symphony music. It is under the direction of Mr. Dwight Campbell who has done much in the way of improvement and deserves a great deal of credit for the excellent work he has done in this organization. Besides the increase from 60 to 72 members, new uniforms have been added.

Mr. C. W. Klopp has charge of the vocal instruction in the school, but this year the building project has limited this activity to the training of the baccalaureate choir. Mr. Klopp trained and led a group of seniors in the musical program for the Baccalaureate Service.

The Industrial Arts program is very helpful to a young person in many respects. He may gain experience with many materials and processes that will have a great deal of effect upon his future occupation. Under the present program the students select their own leaders and officers. The officers acquire leadership ability, while the entire group obtain knowledge of a democratic way of living. Instructors are attempting to teach each student the value of being able to apply what he has learned in solving his individual problems.

The Industrial Arts program offers instruction in such fields as woodwork, sheet metal, forging, welding, foundry, machine shop, ceramics, leathercraft,

automotives, radio, aeronautics, electricity, photography, drafting, blue-printing, charcoal drawing, pastel drawing, silk-screen printing, and commercial art.

Newark High School's Industrial Arts program is one of the most extensive in the state of Ohio. The equipment is modern and in such a quantity so as to supply all demands.

A new faculty member this year is Mr. J. S. Lorr, and in addition to his work in the Industrial Arts program, he has had two articles published recently. These are "We Design A Modern Clock" appearing in **Everyday Arts** and "Designing A Decorative Alphabet" in **School Arts**.

In accordance with the General Code of Ohio, the State requires in the senior high school that English shall be offered each year, five periods per week, and be taken by all pupils at least two of the three years. It requires for graduation from any high school that at least three units of English be completed, one of which may be such special phases of English as business English, public speaking, journalism, dramatics, functional grammar, English or American literature.

In the sophomore year, grammar and punctuation are stressed as well as literature. In the junior year the college preparatory class continues

the grammar and spelling instruction and studies composition. "The Idylls of the King" and "The Tempest" or "Romeo and Juliet" are studied as examples of narrative poetry and drama. The commercial class emphasizes composition and correct business usage. The Industrial English class is taught to read comprehensively and to write correctly, stressing grammar and spelling.

In the senior year, students are expected to write two long papers based on reference material. The objective in literature is to aid students in establishing for themselves an ideal standard for individual and social conduct.

Two other branches of the English course are dramatics and public speaking. The dramatic class tries to acquaint students with the greatest thoughts of the greatest minds of all time. Practice in producing and acting are gained by the members of the class through the actual participation in at least one play. The public speaking course aims to teach the pupil to attain mastery in both the mechanics of speech and in emotional adjustment. Students also compete in contests held in extempore speaking and one-act plays.

The other course offered by the English department is journalism.

Three foreign languages are offered in Newark High School: Latin, Ger-

man, and French. In the College Preparatory course four years are required in either Latin or combinations of the three languages. In the Commercial and Industrial courses these subjects are elective.

A first-year Latin student becomes acquainted with a basic vocabulary and the fundamentals of grammar. This work is continued in the first semester of the second year, while the second semester is spent in reading Caesar's **Commentaries**. Third-year Latin students study Cicero, and in the fourth year the pupils read the first six books of Virgil's **Aeneid**.

The students are offered two years of German. As in all foreign languages grammar is studied and some

intensive reading is done by the first-year student. The second year is spent in intensive reading. This reading leads to a knowledge of Germany, her history, culture, and civilization.

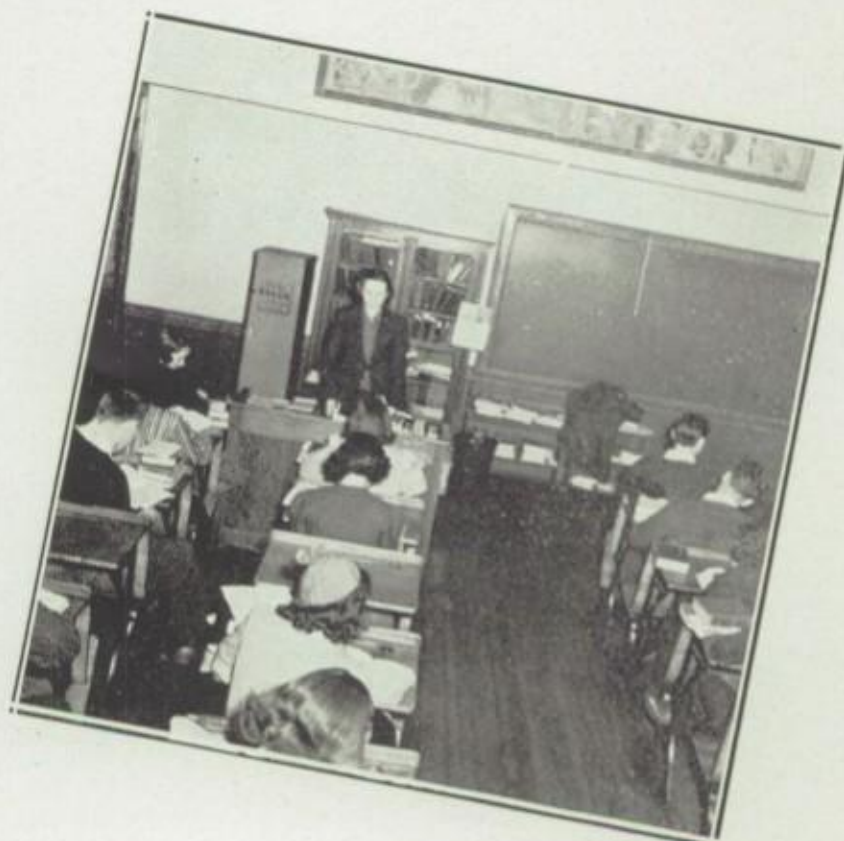

First-year French consists mostly of drill and foundation work, while elementary grammar and vocabulary work are stressed. A more intensive and extensive reading course is offered in the second year. French history, civilization, and cultural background are studied through stories, plays, songs and novels. Part of the students keep outlines of this French literature, while others write and receive letters from boys and girls in France.

Various individual units make up the course in home economics, one of which involves a brief study of appropriateness, design, color, and cost of materials and clothing for girls in Economics X. During the school year two clothing problems are usually constructed. Family relationships form another unit in the course. This tends to bring about better possibilities for happy and satisfactory homes now and in the future. Another unit in the course is the study of foods and nutrition.

A part of Home Economics XI is devoted to problems in making homes and a study of the relationships of the individual and home with the community.

The science course in Newark High School is composed of three branches, biology, physics and chemistry. Biology, generally included in the first year's study, aims to increase the student's understanding of life in the world about him, and to teach him how to adapt himself to his environment.

Physics, the second year course, consists of the detailed study of heat, light, sound, electricity, and the mechanics of solids and liquids.

Chemistry, offered to the seniors, teaches the students about the material compositions and processes of the world about them.

The purpose of the mathematics course, which includes plane and

solid geometry, Today's Geometry, and advanced algebra, is to teach students to use deductive reasoning in the solving of practical problems. The study of plane geometry aims to develop an appreciation of geometric forms and the ability to reason and organize facts in logical sequence. Solid geometry is a continuation of plane geometry with emphasis placed on figures of three dimensions. Today's Geometry teaches the principles of geometry without demonstrating them. The advanced algebra course gives one a basis for higher mathematics; such as, calculus and trigonometry.

Mathematics—Social Science

The Social Science Department undertakes to give the students a better knowledge of modern life and to awaken in them an interest in current events.

The history courses offered in the sophomore, junior, and senior years cover the development of history from ancient times to the present times. General history gives a summary of the history of the world from ancient times to the modern period; however, there is a tendency to emphasize the more modern phases of this subject. The modern history course contains a more detailed description of the events from the sixteenth century to the present time. This concerns itself chiefly with the complicated period in Euro-

pean history and furnishes a background for a better understanding of American history, which with Civics is a required course in the senior year. American history traces the events in the lives of the American people from the fifteenth century to the twentieth century. In connection with this history there is the course in civics which aims to explain the various departments of the government of America, the rights and duties of a citizen, and the most important political problems facing the voters. In these ever-changing times an intelligent appreciation of American government is necessary.

The economic courses are directly associated with the history courses. They include fields which have a practical application. These are economics, economic geography, sociology, and commercial law.

Broadly speaking, they deal with the nature and functioning of human institutions and with the relationships of individuals and groups to the physical environment and to society. Economic geography deals with the geographic environment because human culture and problems, and business

are so closely related to the environment. Economics are greatly affected by geographic factors; such as, climate, terrain, natural resources, rivers, mountains, and oceans. Sociology gives an account of the fabric of society today, especially our community and government. Commercial law gives the students a better understanding of the principal points in the laws of the city, state, and country under which he is living. This helps to prove the fact that laws are aids for justice, not traps for victims.

The commercial course of Newark High School, consisting of a three-year study, acquaints the pupils with the subjects of the business world and is able in an indirect way to fit him in the business world.

In the sophomore year the studies acquaint the pupil with the fundamental ideas underlying the business procedures of the present day. These studies consist of sociology, economics, economic geography, and commercial law.

In the junior year the student learns the fundamental principles which in-

clude the following commercial studies: bookkeeping, business English, salesmanship, typing, and shorthand.

The senior year includes the advanced work of the commercial course. The students endeavor to obtain efficiency and accuracy in their work. The students receive their final preparation so that they are ready to apply for a position upon graduation.

The commercial course offers as a vocation a fitting background for a bookkeeper, a stenographer, or a salesman.

The Newark High School Parent Teacher Association was first organized in 1920, with a membership of 60. This year the total membership is 346. The Association is made up of parents, teachers, and friends who are ready to assist in any way at any time.

The objects of this association are the following: to promote welfare of children and youth in home, church, school, and community; to raise the standards of home life; to bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the training of the child; and to develop between educators and the general public such united effort that the highest ad-

vantage will be secured by every child in physical, mental, social, and spiritual education.

Student welfare has been the main project since 1930. This includes the care of eyes and teeth and provisions for any necessary clothing. The doctors and merchants of the city cooperate with the future citizens for the welfare of Newark.

Among the interesting and educational programs was the Founders Day Program in February. At the time the High School Unit entertained the Council with a tea in the Children's Home. A tour of the home was made by the members and guests. Mrs. Walter Zerger, matron, gave an interesting talk explaining the daily routine.

In this brief sketch the usefulness of this association is explained. The work is just in its infancy and awaiting further development through earnest cooperation of parents, teachers, and professional and business groups.

1939 Prize Awards

The Harvard cup, which is awarded each year to the best all-around boy, was given in 1939 to Howard Upson. This award is given to encourage attendance at Harvard University.

The students who had the highest averages, based on their work during the three years in senior high school, were Charlotte Swain, Allan Cook, and Ruth Hershberger.

The Eta Sigma Pi fraternity of Denison University awarded a medal for the highest average of four years of Latin. A medal was given to both Howard Upson and Charlotte Swain since their grades were the same.

The prize for the highest average in advanced French was given to Janet Roof. A prize of five dollars, awarded by the German Maennerchor each year to the student with the highest mark in German, was won by Anne Mitchell.

To Charlotte Swain and Allan Cook, the girl and boy having the highest averages in American history, was given the Roosevelt history prize.

The Industrial Arts Scholarship Award was won by Robert Hickman.

To Charlotte Swain was presented the William E. Miller Memorial Prize of twenty-five dollars, which is awarded each year to the student having the highest average in four years of English.

The Leland Baxter, Jr., memorial award, given to Charlotte Swain in 1939, is awarded to the boy or the girl who has done the most outstanding work in journalism. He must have been enrolled in journalism in his junior and senior years, have at least an average rating in his other subjects, and complete the college preparatory course.

For her excellence in the commercial course, Bonnie Dusthimer received the Award in Commerce. The winner is judged according to his adaptability for a life career in business, his application or industry in the commercial course, and his grades during the three years of high school.

Paul Adams received the Athletic Trophy which is presented each year to the graduating boy with the best athletic record.

The National Honor Society was first organized in 1921. Since then it has increased until there are more than two thousand chapters in high schools throughout the country. The Newark chapter was started in 1937.

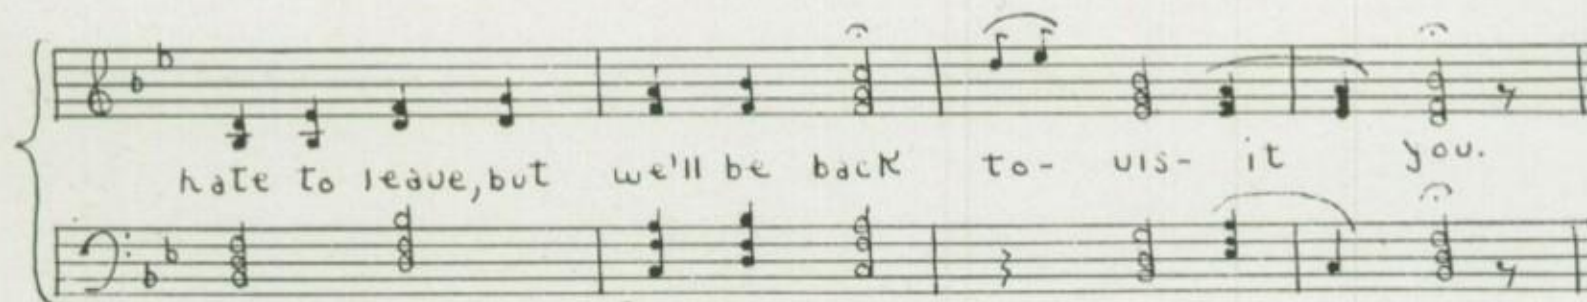

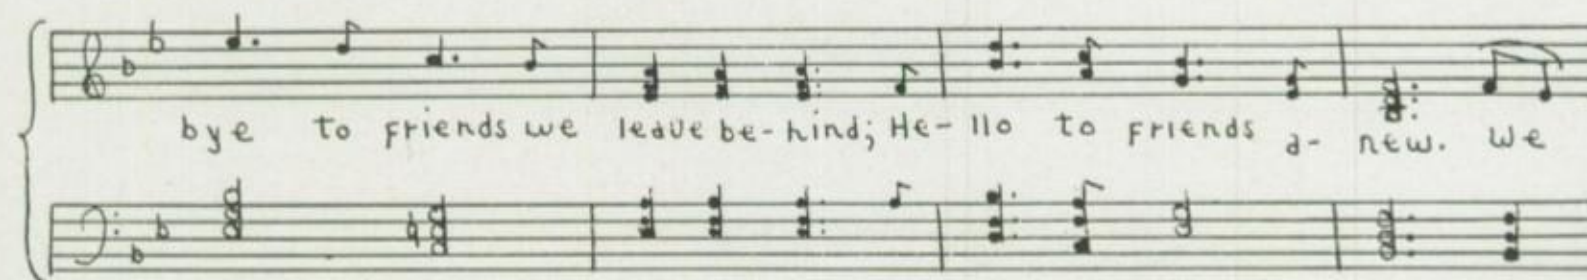

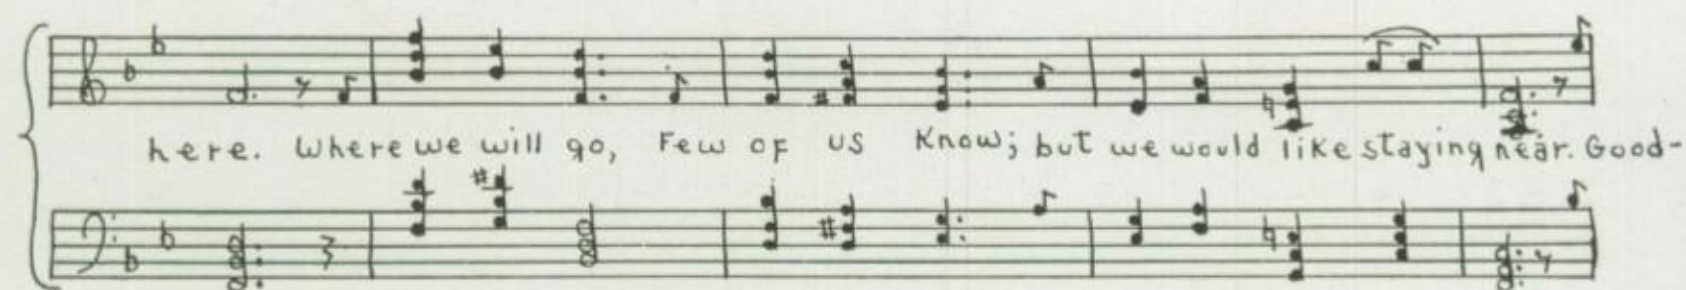

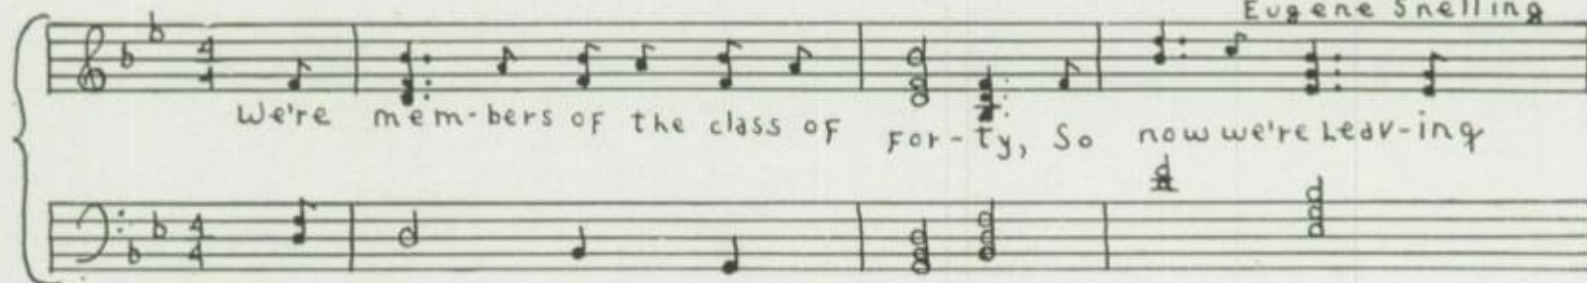

This year thirty-four seniors with the highest rank are members of the society. The Honor Society has as

its object an active organization whose purposes are to promote an interest in high scholastic standing.

The members sold "Paper Savers" and sponsored the movie, "Vincennes", in order to raise money. Mr. Donald Doss was guest speaker at their banquet.

Words and Music by
Robert Smith
and
Eugene Snelling

Second Verse

We'll miss the ring-ing of the school bell,

We'll miss our friendships, too,
But we must meet and new joys greet,

Our lives are not yet through.
For now we go to face the world;

We hope hardships are few.
Forewell we sigh, and leave Newark High

But we'll miss you.

Central Lightweight Basketball Champions

1939 - 1940

Reading from Top to Bottom—Howard Eddy, Manager; Dale Haynes, Manager; Clifford Neibarger, Captain; Junior Alspach, Pete Del CeCato, Clyde Lucas, Lester Lewis, Charles Logan, Richard Clark, Gene Alspach, Leonard Wolfe, Lewis Del CeCato, Mr. A. B. Long, Coach.

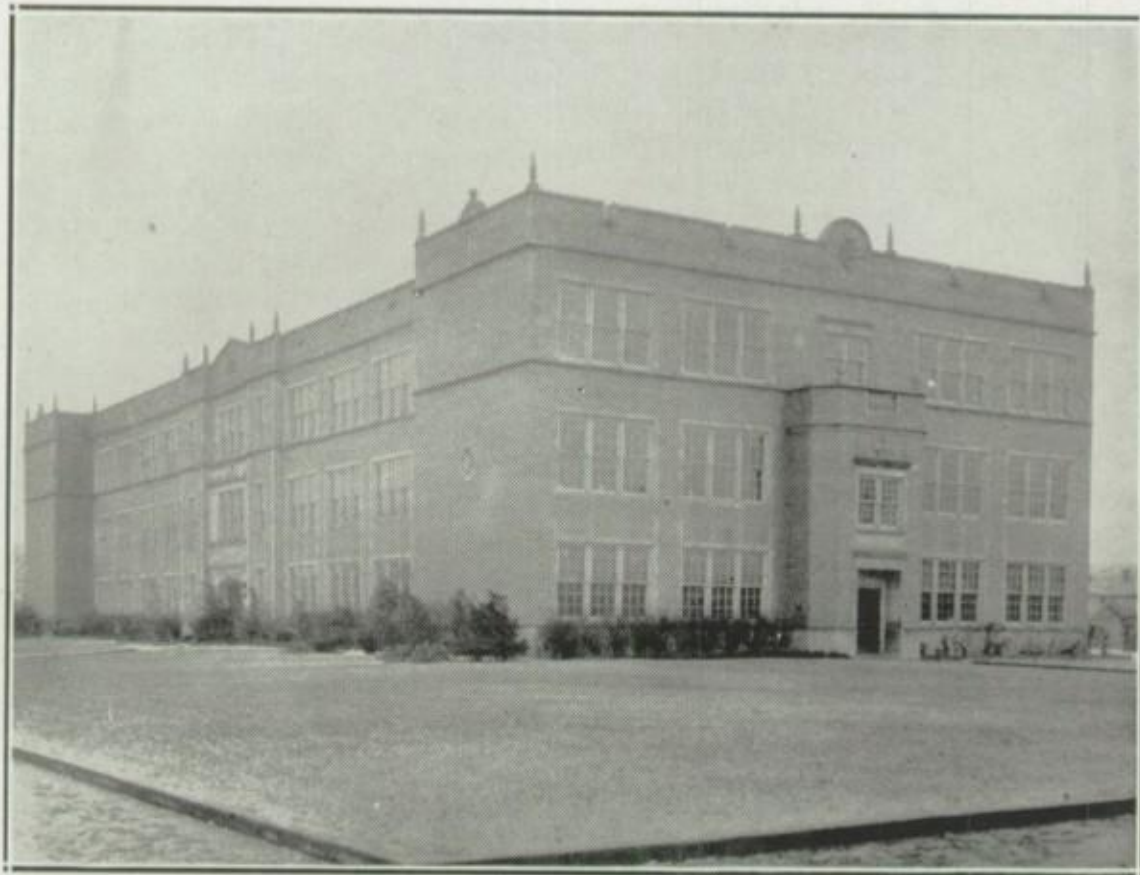

Central Junior High School is proud to give recognition to its Lightweight Basketball team. These boys under the direction of their coach, Mr. A. B. Long, finished the season in first place.

Playing their games on Saturday mornings, and without the aid of organized cheering sections, these athletes participated as good sports and as representative school citizens.

They are to be congratulated all the more as they were unable to practice in their own school gymnasium, as it was unfinished during the season.

Gene Alspach and Clifford Neibarger (Captain) were honored at the end of the schedule by being selected as members of the first all-star team. Lewis Del CeCato and Junior Alspach were placed on the second team.

Danish Gymnastics for Lincoln Girls

If the junior high school girl were asked the question, "What do you expect these three years to do for you?" she would have the right to reply, "First of all, I want a finely developed physical body and a stable nervous system, because these will result in mental poise and emotional equilibrium."

Because these young people do have the right to demand these developments which make for health, there has been a definite movement away from competitive athletics in the junior high school. Instead, activities such as the one demonstrated by this group are emphasized.

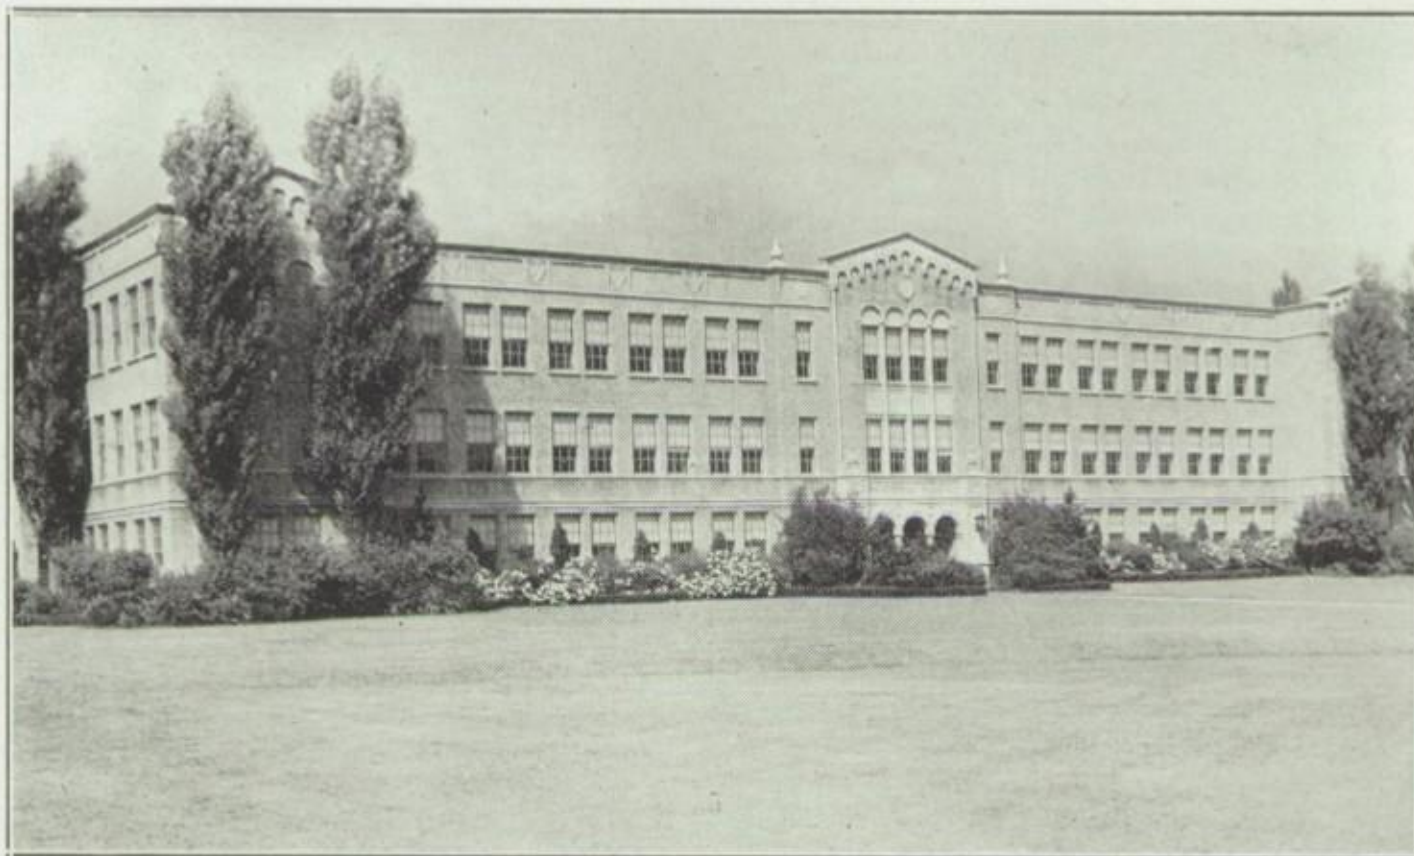

The outstanding results are a muscular flexibility and suppleness which is noticeable in improved posture. The

fascinating rhythm of this particular form of gymnastics brings out smoothness of motion. In addition, a naturally strong body, radiating health, results from the acquired coordination and increased mobility.

Under the direction of Miss Christina Jones, ninth grade girls enjoy this type of activity. Those participating are:

Charlotte Hull, Evelyn Ruton, Shirley Richards, Betty Neighbor, Betty Bowen, Rosalie Hunt, Mildred Hill, Marie Keaser, Betty Waddell, Lillian Pritchett, Mary Ellen Corder, Harriett Lawrence, Ellen Jones, Fern Price, Pauline Farabee, Mary Linton, Virginia Swartz, Elsie Weakley, Marjorie VonShriltz, Athena Forbes, Dorothy Blizzard, Blanche Rector, Ruth Blizzard, Edith Grigsby, Frances Mix.

The Woodrow Wilson Junior High Varsity established a perfect record this season in winning all their league games and to top it off they brought back the championship trophy of the Marietta Invitational Junior High Tournament. This makes the fourth time Wilson has been victorious at Marietta.

To these boys who represent the school in their athletic endeavors is entrusted the responsibility of reflecting certain ideals, the basis of which is scholastic ability and good sportsmanship. In the beginning they are made to realize that all games have

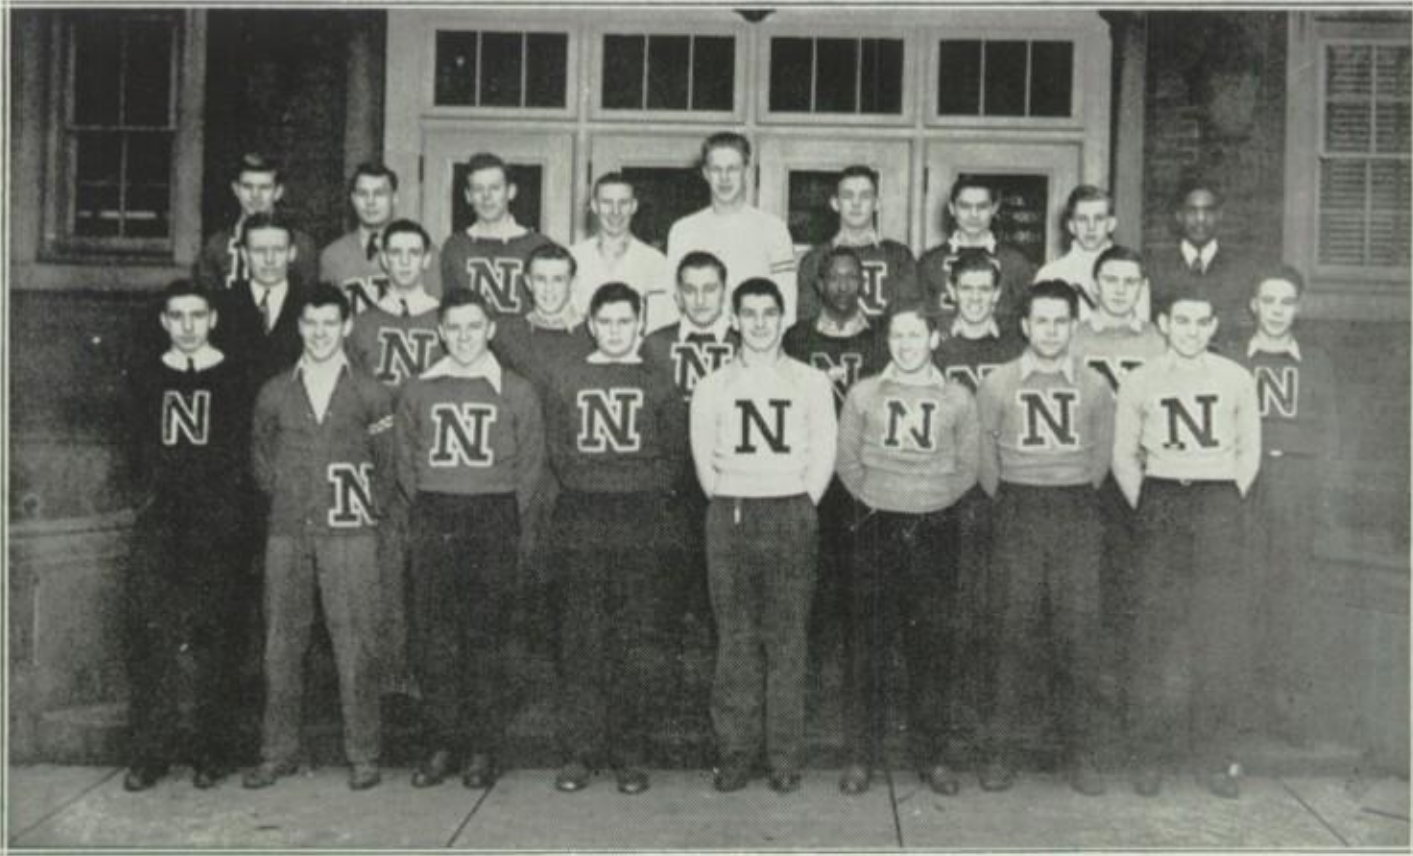

rules and they are to honor and respect them. Good physical condition is important for best performance. Every boy should do his best always and in every way keep faith with his comrades. It is in their teaching to win modestly and to lose graciously, to treat their opponents as friends and to play the game hard but clean; then last but not least, never give up—to do their best until the final whistle!

If these boys will maintain these ideals and apply them to any walk of life they may choose, their future as citizens need cause no worry!

 Row 3—Robert Smith, Arthur Davis, Philip Christman, William Pryor, Clyde Shipp, Frederick Tiemann, Richard Shell, Ernest Busby, James Good.

The N Club is composed of boys in Newark High School that have won varsity letters in the major sports, such as cross-country, football, basketball, and track. The objective of the N Club is to promote clean sportsmanship in athletic activities.

This year the N Club revised its constitution and became a "going concern" again. Its meetings consist of sports quizzes, moving pictures, and

anything of general interest to athletic-minded boys.

Its activities are manifold. The boys usher and pass out programs at sporting events, help officials with the track meets, and award a medal to the senior who, in their opinion, has contributed the most to the high school athletics. Last year Paul Adams won the award.

Members Not in Picture—Dorothy Beabout, Gerald Bonham, Virginia Bowers, Hilda Duffill, Robert MacNealy, Betty Noblick, Austin Piel, Marjorie Prince, Wilma Snelling.

The Bird Club, composed of 25 members, has met regularly every two weeks even during the construction of the new building. This club meets every other Monday evening at 7:30 in the gymnasium building.

The objectives of the club are to promote sincere interest in the out-of-doors and nature, generally with special attention given to birds and the place they occupy in the animal kingdom; to increase the knowledge of the principles of conservation; and to promote fellowship and good feeling among students of similar interests.

The meetings for the coming year are planned at the beginning of the season by a committee chosen by the club. This program is presented to the members in a yearbook which also contains the projects of the year. Some of these projects are individual winter feeding stations, Licking County Spring Census, which takes place around May 15, a Bulletin Display, and many interesting hikes.

Senior Hi-Y—Alpha Chapter

President	David Long
Vice-President	Thomas Walcutt
Secretary	William Schenk
Treasurer	Jean Woodyard
Faculty Adviser	Mr. B. W. Dornbirer
Y. M. C. A. Adviser	Mr. Ralph G. Smith

The Alpha Chapter of the Senior Hi-Y meets every Wednesday evening at 7:30 in the Y. M. C. A. The programs for the meetings of the club consisted of talks by guest speakers and members, and of educational movies. The Alpha Hi-Y held a joint meeting with the G-Y at which etiquette was discussed. Later the two clubs held a dinner party at Hull Place. The Alpha Hi-Y ended the year with its annual Father-Son banquet.

This year, as always, the Hi-Y played an important part in the social life of the school. The Hi-Y sponsored Friendship Week as well as the Friendship dance. The Hi-Y with the other Y clubs sponsored the dance for the benefit of the Infantile Paralysis Fund.

The Alpha Hi-Y had a busy athletic schedule this year. One meeting a month was given to the sports committee. The club played and defeated the Coshocton and the Johnstown Hi-Y clubs.

The traditional formal dance concluded the year for the Alpha Hi-Y.

Faculty Adviser	Mr. Edgar Sherman
Y. M. C. A. Adviser	Mr. William Yates

The Beta chapter of the Senior Hi-Y was organized in November, 1939. The Beta chapter, although one of the newest organizations in the school, has been very active.

The Beta-Hi-Y meets every Thursday evening at 7:30 in the Y.M.C.A. The programs for the meetings consisted of talks given by members, by Corporal Spence of the State Highway Patrol, and by Dick O'Neill from Owens-Corning; a swimming party; and educational movies sponsored by

the Y. M. C. A. Basketball games were played with Coshocton and the Alpha Hi-Y.

The Beta Hi-Y held several sport dances for the school. The Betas helped sponsor the dance for the Infantile Paralysis Fund. Skating parties were held for the members and their escorts.

The Beta chapter concluded their year's program with a dance for the Hi-Y clubs.

 Not in Picture—Gerald Christman, Raymond George, John Gilbert, Charles Nye, John Starrett.

The Sophomore Hi-Y club meets every Tuesday evening at 7:30 in the Y. M. C. A. The programs for the meetings consisted of talks by Attorney Charles Flory and a speaker sponsored by the Rotary club, and talks by the members themselves on scholarship, sports, and the mounds of Newark. Trips were taken through the local Pharis and Owens-Corning factories. Educational movies, sponsored by the Y. M. C. A., were shown once a month.

The Sophomore Hi-Y enthusiastically supported the dance for the Infantile Paralysis Fund. The group held several dances throughout the year including the April 1 dance and the annual dance at the end of the year. The sports committee handled several of the meetings during the year. A swimming party was held in April.

The excellent attendance and interest in the club accounted for the carrying out of the program for the year, and the furthering of the Hi-Y principle "higher standards of Christian character."

The Bicycle Club is one of the clubs most recently formed by the students. It is an organization for the benefit of those students who own and ride bicycles to school, and the object is to promote safety for students. Three committees were appointed, one to draw up a constitution for the club, in which the purpose and plans of the club are stated, another to make rules and regulations for the members to observe, and a third to provide for the

safety of the students while riding bicycles. During the past year, regular meetings of the club were rendered impossible because of the irregular schedule. However, in the future, it is the purpose of the club to form a useful organization and make it possible for the members to take bicycle trips and to cooperate with other similar clubs throughout the state.

Debate

Faculty Adviser Mr. C. P. Smith

Two girls, discussing both the affirmative and the negative side, taking first place in the district, advancing to the quarter-finals in the state tournament, and winning eight out of nine starts,—that is the record made this year by Marian Andrews, a senior, and Marjorie Walt, a junior, as they debated the question: Resolved, That the Federal Government should own and operate the Railroads.

The debate class of 1939-40 was the largest in several years. For this reason, second and third teams were or-

ganized and taken on trips with the regular teams. The local debaters participated in tournaments held in Columbus and at Wooster. Here they met teams from Painesville, Columbus East, Doylestown, Dayton Fairmont, Canton McKinley, Cleveland Shaw, Kent, Ashley, Orrville, New Philadelphia, Bellaire, Marion Harding and East Palestine. Practice debates were held also with Mansfield, Canal Winchester and Zanesville.

In the Ohio State Speech League the local school was assigned to District One, consisting of Circleville, Columbus East, Springfield, Columbus West, Washington C. H. and Newark. Here Newark had a perfect record and received the district trophy.

In the inter-district tournament held in Columbus, March 29 and 30, the local team defeated Wooster, Shelby and Canton McKinley, drew a bye in round four, and were eliminated from competition in the quarter-finals.

Mimeograph Staff

Faculty Advisor Mrs. Dorothy Robb

The mimeograph staff this year is made up of fifteen senior girls. The girls are selected for the mimeograph staff according to their excellent typing ability and high scholastic record.

An important part of the activities of this department is its work with the Journalism Class in preparing the weekly newspaper. First the Journalism Class writes and types the articles. Then they are sent to the mimeograph department which cuts the stencils, mimeographs the material, and folds it for distribution. The mimeograph staff also does a large

amount of work for the teachers, the office, and school clubs.

Among the material which this staff has printed this year are the following: booklets for the Home Economics department, tests for teachers, programs for special chapel meetings, and song sheets for the Christmas program.

The Newark High School Band is one of the most important organizations in the school. New red and white military uniforms were acquired this year, which were displayed to advantage on the football field. At basketball games, music was furnished by instrumental ensembles. The band represented Newark High School on the Ohio Schools program

broadcast over radio station W.O.S.U. in Columbus.

On April 11, the Newark High Band gave a concert in order to show the public what a music group in Newark High School has accomplished. The concert was given in the form of a radio broadcast using the public address system. Included in the program were such compositions as "Coronation March" by Meyerbeer, a "Gavotte" by Gluck, Bach's "Komm, Susser Tod", a Tschaikowsky medley, and a composition by Frank Simon.

Mr. Dwight Campbell was appointed band director this year. He has studied professionally all of the instruments of the band. This work was taken from members of the Cincinnati Symphony, Detroit Symphony, Frank Simon's Armco Band, with Professor C. W. Jonseen, and Professor Deforest Ingerham of Ohio University.

The snapshot is of William Miller, band manager.

Red Cross Council

Row 1—Dorothy Carpenter, Jean Baird, Elaine Horwitz, Suzanne Goodwin.

 Row 3—Marion Curp, William Berson, George Holcomb, James Francis.

The Junior Red Cross annual drive for membership was held from November 11 to November 19, 1939. Every student who contributed two cents was considered a member of the local organization. The money which was collected was used for Red Cross purposes and for the privilege of reading the monthly magazine, **Junior Red Cross Journal**.

Formerly members of the Council were selected from the various home

rooms. This year, because of the construction of the new high school building, home rooms were discontinued; consequently, the members were selected by the class presidents. The council aims to develop a better understanding of other nations, increase the spirit of service and cooperation, and follow as much as possible the suggestions of the Licking County Red Cross.

Annual-Journalism Staffs

The journalism class edits a regular weekly newspaper which includes editorials, fun column, accounts of sports, and articles on various other activities of the high school. This paper is printed by the mimeograph staff and is distributed to the subscribers regularly with special issues at various times throughout the year; such as, the Christmas issue, and senior issue. Aside from editing this weekly paper, the class studies a standard textbook, and reads the **New York Times** for a study of vocabulary, cur-

rent events, and the essentials of newspaper work.

An informal record of the events and achievements of the student body and the administration is reflected and interpreted to the community by the Reveille Annual. The opinions, activities, and characteristics of the high school students and of the town itself are incorporated through articles and photographs. This work gives students an opportunity for the expression of talent and initiative as the staff strives for life, reader interest, and individuality in their book.

To Mr. John S. Lorr, Mr. W. A. Whitehead, and their respective classes, the staff wishes to extend its sincere appreciation for their work in the art sections of the Reveille Annual.

College Club

President Fred Tiemann

 Secretary Jerry Hess
 Treasurer Anne Davis

The College Club, which was organized this year for students interested in attending college, meets every two weeks and has thirty-three members.

The object of the College Club is to obtain information about the various colleges and universities, their location and size and what financial aids they might have to offer. Club programs consist of talks concerning

colleges given by members or field secretaries from their respective colleges. A committee, appointed by the president, sent to the colleges that the members were interested in and obtained information about the courses offered, the size of the school, and the approximate cost a year. The dues collected are used to buy stamps and stationery with which to carry on the necessary correspondence.

The Girls' Archery Club meets every Monday evening at the Y. M. C. A. The group consists of nine senior and junior girls. Each member made her own arrows under the supervision of Miss Florence Myer, the faculty adviser, and Mr. Ralph Smith of the Y. M. C. A. The meetings are spent in target practice and in learning the art of archery.

The aim of the club is to promote good sportsmanship and to train the members in the art of shooting. Because it is a recreational sport, archery has demonstrated its possibility of being carried into later life as an interesting hobby. It has thus proved to be both entertaining and beneficial.

For three years the school has maintained a Girls' Rifle Club. This is the first year that Miss Margaret Lamb has been the faculty adviser.

The purpose of the club is twofold: first, to promote sportsmanship and, second, to develop skill in the handling of rifles. This group of senior and junior girls assembles at the Y. M. C. A. every Thursday evening at 6:30 o'clock. This year the girls held one meet with an invitational group of boys.

The club is limited to ten girls for membership. Of these, there must be at least one junior. The graduating seniors will be replaced by senior and junior girls. To be eligible for membership each girl will be required to have access to her own rifle. A meet is held and the low scorers are eliminated. In this manner it is easier to determine those for membership.

At the end of the year a party was held for the members and their guests.

Business Staff

Business Manager	Charles Robert Hill
Assistant Manager	Charles Edgar Bell
Faculty Adviser	Mr. George Stoeckmann

The special duty of the business staff is the soliciting of advertisements for the Reville Annual. The staff organizes early in the year and begins its work. Each member chooses a certain advertiser and interviews him accordingly.

The members of the business staff gain invaluable experience and business training through contact with the business men of Newark, and they learn how to get what they go after

in a business-like manner. The development of poise and ease in making contacts is one phase of the training received from this work. This is a great asset to a student in any future work in which he may be engaged.

Moreover, the success of the Annual depends, to a great extent, upon the work of the staff, as it is the members of this staff that obtain the advertisements on which the book depends.

Salesmanship Club

Sales Manager Football Season	Mary Hackney
Sales Manager Basketball Season	Phyllis Holland
Assistant	Violetta Cramer
Faculty Adviser	Mr. B. W. Dornbirer

The purposes of the Sales Organization are to accommodate patrons of school events by having refreshments available and to provide interested pupils with the opportunity to practice selling and merchandising.

More than forty students have worked at one or more games this season. This year, for the first time, the salesmen have worn white jacket uniforms. In addition to these the organization furnished red containers for the salesmen's merchandise. All the positions were filled by juniors and sophomores during the latter half of

the basketball season and during the track season in order to insure an experienced sales team for the fall of 1940.

The proceeds of the club are donated to the general needs of the school and have in the past benefited all in a great many ways. So far this year the organization has contributed to the Infantile Paralysis fund, has financed the students' trip to W. O. S. U. for the All School Broadcast, has paid the North Central Association dues, has bought tests, and underwritten the debate team.

This year the orchestra celebrates its thirtieth anniversary. It was organized in 1910 by Mr. T. R. Neilson. Mr. C. W. Klopp was then appointed director. In 1928 Mr. Gelfer assumed the responsibility and is acting in that capacity at present.

The members convene twice a week in the auditorium. Robert Smith

is concert master. Three members of the orchestra were selected this year for the Licking County Philharmonic Society. They were Robert Smith, Edmund Weiant, and Wayne Martin.

The orchestra played at several P. T. A. meetings and plans to present a special musical program for assembly.

as many sophomores and juniors were admitted to the club.

At Christmas time this year the club presented a play in chapel, "Peace on Earth." The club also participated in the one-act play contest in the Ohio High School Speech League giving the play, "Good Medicine."

The Dramatic Club members, under the direction of Miss Esther Larr, presented the one-act play, "Peace on Earth," for the Christmas chapel program. The theme, which was peace on earth, was much in keeping with the present day situation. A group of college students, refugees from

Germany, France, Japan, Spain, as well as a guest from Louisiana, were visiting their friend, Marilyn Robertson, during Christmas vacation. Through a discussion by the visitors of the habits and customs of their respective countries a feeling of friendliness towards all was emphasized.

After a very difficult schedule the Newark Wildcats finished their football season with a record of four wins and five losses. They lost the opening game to Columbus West, but came back to defeat Mt. Vernon in a game played on the latter's field. Then followed two consecutive losses to Chillicothe and Zanesville. The following week the 1940 squad had the distinction of being the first Newark

High football team to defeat Marietta since the Tigers joined the league. Then Newark dropped two more league games, one to Coshocton and the other to Lancaster. However, they closed the season with wins over Dayton Steele and Cambridge. Paul Martindale and Ed Anton were honored with places on the C. O. L. all star teams.

May I Have the Next Waltz?

ZANESVILLE

In the Central Ohio League opener at home Newark suffered a 13-0 defeat at the hands of a well balanced Zanesville squad. Although outplaying the Blue Devils throughout the greater part of the game and even in spite of their marked improvement over previous games, the Wildcats were unable to score.

During the first half of the game, Newark kept the Blue Devils fairly well bottled up in their own territory due mainly to the punting of Montanaro, Newark's kicking ace. In the

second quarter, however, Zanesville by straight running plays advanced the ball to the Newark 47. Here Weitelmann of Zanesville taking the ball from Kussmaul broke to his left and then threw a long pass, slightly grazed by George Bibart, Wildcat back, to Wallace which was good for a touchdown. The second and third periods were almost the reverse of this, with Zanesville being in Newark territory the remainder of the game and scoring late in the fourth quarter on an off-tackle smash from the 15 yard line.

Quick Opening

COSHOCTON

Newark High's Wildcats went down to defeat 19-6 in a very rough game. Newark scored in the first period. After a long pass from Richard to Bibart, who took the ball to the Coshocton three-yard line, Richard drove thru center to score. The extra point, a placement try by Smith, was blocked.

With two minutes remaining, Davis of Coshocton intercepted a Newark pass and ran the ball back to mid-field. On the next play, Barthallow took the ball from Burklew on a Statue of Liberty play and ran fifty yards

for Coshocton's first touchdown. With the completion of the extra point, Coshocton led at the half 7 to 6.

Coshocton scored a touchdown in the third quarter after a long run by Barthallow to the Newark 10 yard line. Randles then went over for Coshocton's second touchdown. An interception of a Newark pass by Darling resulted in Coshocton's final touchdown. Tommy Aronhalt, all-league center, was the standout on a rugged Coshocton front wall, while Dick Shell, at right end, looked best for the 'Cats.

Touchdown!

MARIETTA

For the first time since Marietta became a member of Central Ohio League, Newark defeated them in a game bitterly contested at Marietta. This defeat wrecked Marietta's hopes for the championship, and brightened Newark's hopes considerably.

Marietta pinned their hopes of winning this game on their captain, Glen Wittekind. He was the outstanding player of the game. Besides scoring Marietta's lone touchdown, he did most of Marietta's running, kicking, and passing. Newark, in general, outplayed Marietta throughout the en-

tire game. The Wildcats' offensive was sparked by the running of Eddie Anton and Charles Pope, who scored Newark's two touchdowns. The Wildcats' defensive also was outstanding with the play of Anton, Davis, Shell, Shipp, and Martindale sparkling.

Newark presented a well balanced offensive attack, far superior to any attack they had presented before the Marietta game. They played exceptionally well, and hold the distinction of being the only Newark team, in the last four years, to defeat Marietta.

Reverse

LANCASTER

At the annual home-coming game with Lancaster, Newark met defeat 30 to 0. Lancaster scored early in the first quarter when Willis raced fifteen yards for a touchdown and Acton plunged for the extra point.

After a steady running attack, Acton of Lancaster threw a beautiful pass to Bob Radebough for a touchdown. The extra point failed. A recover of a Lancaster fumble on the Gales' forty-eight yard line by Art Davis enlightened Newark's hopes. However, Acton of Lancaster intercepted a Newark pass thus ending the threat.

In the third quarter Jim Montanero, kicking from his own end zone, had his kick partially blocked by a Lancaster man, the ball going out of bounds on the Newark seven yard line. This set the stage for Lancaster's third touchdown. Acton plunged through center for the touchdown, with Wright's place kick good for the extra point. A field goal early in the fourth quarter by Wright gave Lancaster three more points. Lancaster scored its final touchdown on a Statue of Liberty play, Bradford going over for the score. Wright's placement kick was good, thus ending the game. Newark Reserves played second half.

Stopped!

CAMBRIDGE

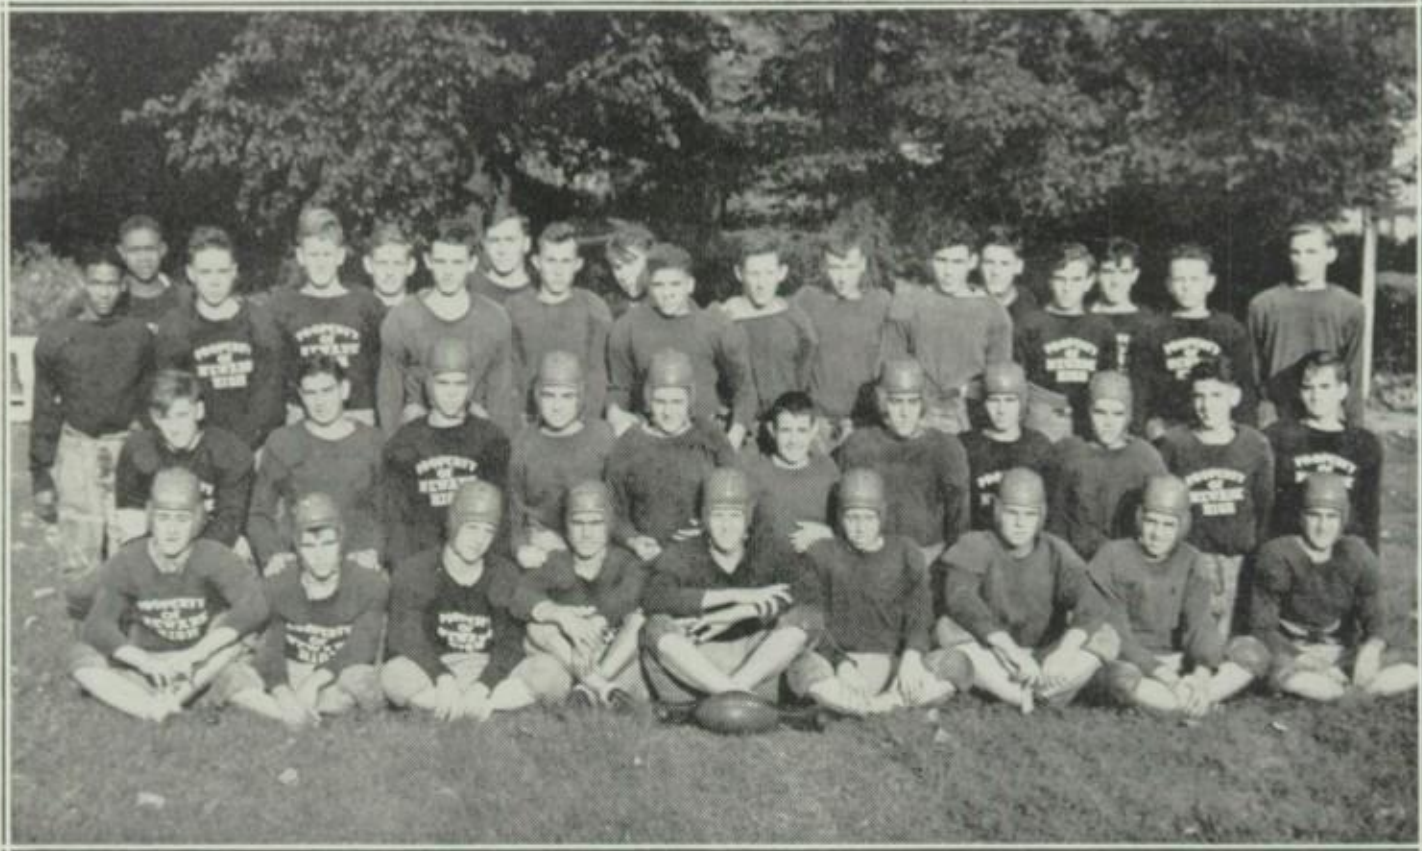

The 1939 football season ended for Newark High School with a victory over Cambridge at White's Stadium. The Wildcats completely bottled up the Brownies' offense throughout the entire game. The Brownies' best offer was their quarterback Jim Calabria who carried the brunt of their attack. A hard rain prior to the game made the field very soggy.

Newark's first touchdown came when Joe Richard blocked a punt, which rolled over the goal line, and was then recovered by Davis for a touchdown. The point after touch-

down failed. The second half opened with Allen scoring a touchdown on a pretty reverse around the Brownies' right end. Smith's placement was blocked. Six plays later Newark scored again, this time Eddie Anton scoring the touchdown. Smith's attempted conversion was wide.

Newark's final score of the evening came when Eddie Anton shot a short pass over the center of the line to Phil Chrisman who lateralled to Pope. Pope went the rest of the way for the touchdown. Richard's drop kick for the extra point was wide.

 Row 4—Berry, Wagers, Litten, Johnson, Kitchen, Walker.

Led by two sophomores, Bill Sergeant, center, and James Cooper, quarterback, the reserves attained an enviable record this fall of no losses, one tie, and five victories. Their victims were the Reserve teams of the League.

Seventeen members of the Newark High School Reserve Football teams received numerals. Bill Sergeant and

James Cooper led the team in most quarters played with 24. Other members of the squad receiving awards were: Vermillion, Petrey, Wheeler, Borrowway, Buckman, Litten, Smith, Stasel, Davidson, Jury, Winn, Bickel, Davino, Elmore, and Honenberger.

Touchdowns scored for the team by: Bickle, Winn, Wheeler, Buckman, Litten, Vermillion. Jerry Jury did most of the place kicking. Bill Winn, Stasel, and Bickel did the punting. In the Dayton Steele game seven of the Reserves were called upon to serve as understudies for the Varsity. They are: Jim Cooper, Bickel, Davidson, Stasel, Sergeant, Litter, Vermillion.

Losing four of last year's starting five, the Newark Wildcats basketball schedule was a very hard one for a team with only one letterman returning for the season. All through the season Coach Orr alternated his line-up, most of the games using three sophomores and two seniors. The

Wildcats managed to win six games out of a schedule of eighteen games before eliminating Washington Court House in the second round of the district tournament, and then being eliminated at the hands of the Columbus South.

ZANESVILLE BASKETBALL HERE — ZANESVILLE BASKETBALL THERE—

For the first time since 1936 Zanesville's Blue Devils defeated the Wildcats of Newark High. Although victorious, Zanesville gained little prestige from the Newark victory, as both basketball teams did not play their best brand of basketball. The game was close during the first half with Zanesville holding a slight 20-19 lead at the intermission.

In the third stanza the Blue Devils roared into a commanding lead but Newark came back late in the period to whittle the score down at 29-31 going into the final quarter. In the last quarter, both Newark and Zanesville played ragged basketball with Zanesville scoring enough points for a 40-36 victory.

Newark High School's Wildcats finished their Central Ohio League schedule at Zanesville, in a game which resulted in a Newark victory by a score of 44-30.

The Wildcats took the Blue Devils completely by surprise and led the whole game. All the Wildcats were "hitting" on their shots, and Zanesville couldn't score enough points to overtake the Wildcats. Bob Mathews, senior captain, and Bill Tracey, junior guard, led the Newark scorers with 10 points apiece.

Tense Moment

CAMBRIDGE BASKETBALL THERE—

In a close game played at Cambridge, Newark lost an overtime decision to the Brownies of Cambridge High School by the score of 38 to 41. The first half found both teams missing many shots.

The second half both teams sparkled in a sustained drive. The score was close all the way, and the game ended in a tie. In the overtime period Cambridge scored enough points to win by a close margin. Cambridge was constantly a threat as Beal of Cambridge scored 26 points.

CAMBRIDGE BASKETBALL HERE—

In the opening Central Ohio League game Newark's Wildcats routed Cambridge 47-30 at the Newark Senior High School Gym. The Wildcats were without the services of Clyde Shipp, rangy center, who was kept on the sidelines because of shoulder injury. Bob Smith, a sophomore, took over at center and displayed plenty of spark at that position.

The Wildcats played good basketball the first half, sparked by Smith and Bob Mathews, veteran senior forward, to hold a scant 14-13 lead at the intermission. In the second half, Newark led by the high-scoring Smith-Mathews duo, scored 33 points to the opposition's 17 points. Smith and Mathews led the Newark scoring with 14 points each, but Dee Snelling, Bill Tracey, Karl Seesholtz and Jack Pease played good basketball.

Walker Hits!

MARIETTA BASKETBALL THERE—

Marietta's "jinx" once more overcame Newark High's Wildcats at Marietta by the score of 35-15. The first half Newark grabbed the lead and led most of the way, but Marietta rallied and the first half ended with the score tied at 13-all.

In the second half Marietta played brilliant basketball, holding the Wildcats to two foul shots in the third quarter, and scoreless in the last quarter to win easily 35-15. The Newark courtiers, attack completely bogged down in the last half, and Marietta soon took advantage of the fact.

MARIETTA BASKETBALL HERE—

Marietta's Tigers put the jinx on the Newark High Wildcats for the second time this season. In the second round game, Marietta defeated Newark 41-10 at Newark. Marietta displayed a defense that Newark was unable to score through. However, Newark used both its first and second teams, and Marietta did likewise.

Blocked?

LANCASTER BASKETBALL THERE—

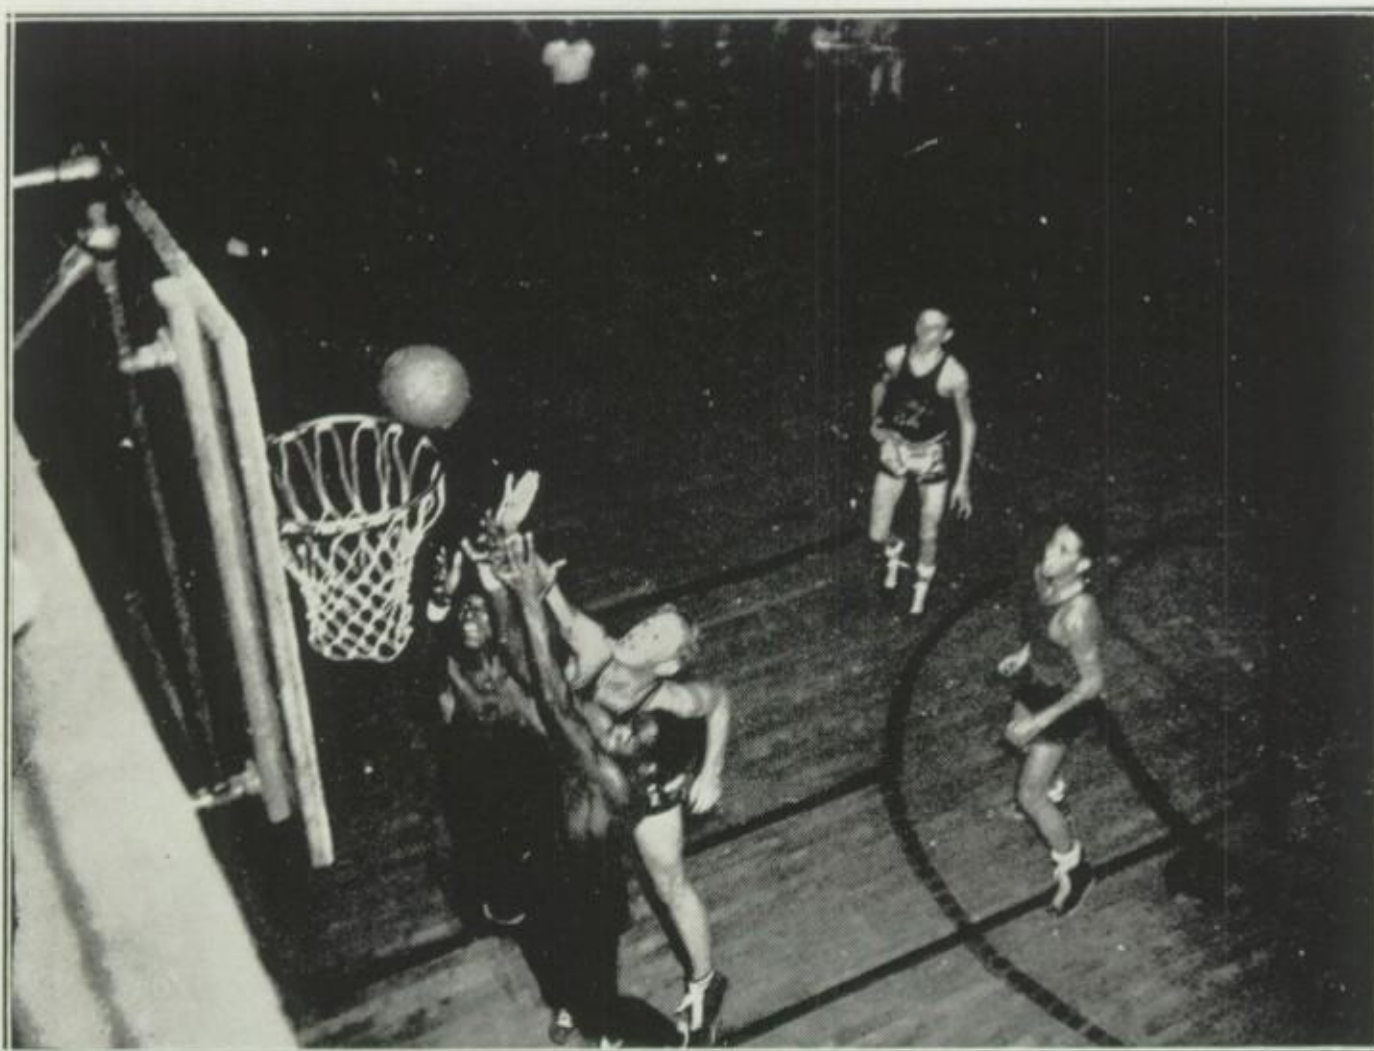

Gales triumphant! Newark loses second round game to Lancaster! Once again Newark and Lancaster battled in a close game, this time in Lancaster, and again Lancaster emerged victorious. In the first game at Newark, Lancaster edged Newark 30-29.

At Lancaster the teams fought all the way, with Lancaster stopping a Newark rally late in the final quarter to win 35-31.

LANCASTER BASKETBALL HERE—

Newark High's Wildcats dropped a close first round game against Lancaster's Gales at the Newark High School gym. Lancaster jumped into the lead in the first quarter, and held a close 16-15 margin at the end of the first half. Kisor and Tiller kept Lancaster in the game the first half, both scoring timely shots to keep Lancaster in the lead.

In the third quarter, however, Newark rallied, all five members of the team contributing his share in the scoring and took the lead away from Lancaster, 23-20. However, in the last quarter, Newark lost the services of four of the five starting members of the team because of personal fouls and Lancaster rallied, overtook Newark's lead, and won the game by the close score of 30-29.

Big Ed in Action

COSHOCTON BASKETBALL HERE—

Redskins defeated! That was the cry of the Newark High School students after a well earned victory over Coshocton High School at the Newark High School gymnasium. In a first round game, Newark was defeated by Coshocton by the score of 41 to 43. However in the game at Newark, the Wildcats downed the Redskins, 34 to 30.

The entire Newark squad played as a balanced unit, and they played basketball of high caliber. Newark won a well earned victory.

COSHOCTON BASKETBALL THERE—

Newark's Wildcats lost a close game to Coshocton's Redskins, at Coshocton by the score of 43-41. The game was close every minute, with Coshocton scoring a field goal in the last forty-two seconds to win the game.

The score was tied at many intervals during the game, with the score standing 26-26 at the half. The lead was then taken by Newark 41-37, but Coshocton rallied to tie the score, and then Hudson made his winning field goal, making the final score: Coshocton 43, Newark 41.

Row 1—Angello, Rico, Baker, Jury, Cooper, Hare.

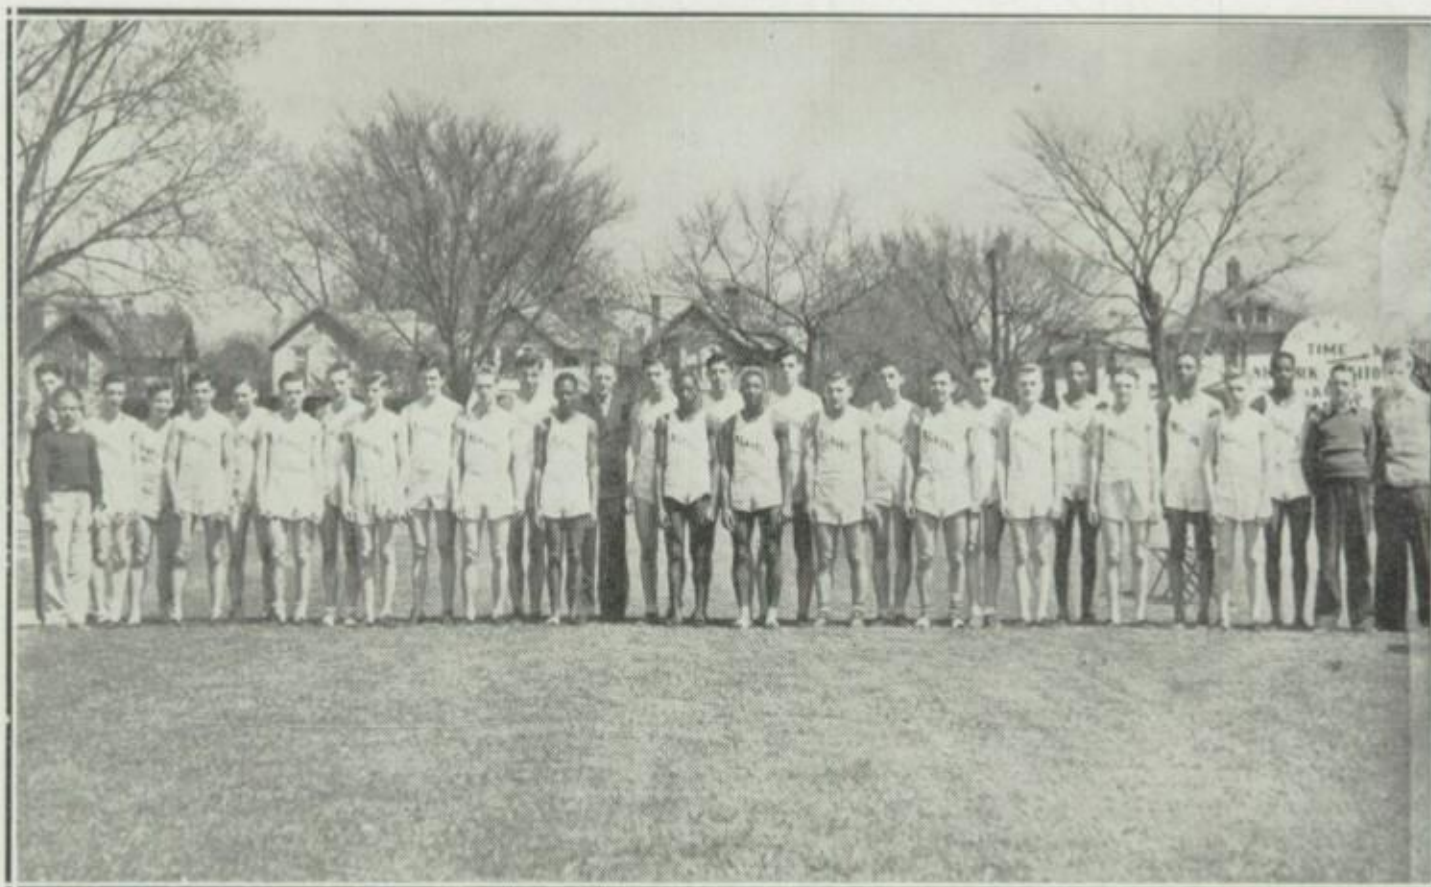

Row 2—Yost, Mgr.; Sergeant, Starrett, Gilbert, Wright, Stasel, Litten, Branscome, Mgr.

The Newark High reserves kept up the tradition of preceding reserve teams by winning 11 games out of a schedule of 17 games. They played all of the C. O. L. reserves teams and many class B teams from neighboring towns. These boys are former junior high school players and are the future prospects for positions on the varsity squad in the next two seasons. The team is coached by Luther

Hanshue, who for several seasons has had fine reserve squads, and his keen judgment brought forth another fine reserve team. The numeral winners were James Cooper, Elmer Munkachy, William Sergeant, William Wright, Arnold Stasel, John Starrett, Jerry Jury, and Daniel Litten. Tony Maniace, junior manager, received his "41". Jason Yost and James Branscome received their "42's".

Newark's track team had a fairly successful season. The Central Ohio League meet was held in White's Stadium with Newark's fast runners finishing second in the district meet to a great team from Columbus North. A triangular meet which involved our team and two Columbus schools, Central and South, was won by the Newark team. For many years, outstanding in track, Newark High School is

highly proud of its track teams.

The lettermen are as follows: Floyd Armentrout, George Bibart, Harry Dorsey, Norman Duvall, Cleophus Fears, Bob Forgrave, Jim Glover, Jim Good, Sergei Jackson, Bob King, Bill Lothes, Bill Prior, Louis Rico, and Charles Smith, senior manager. Charles Ruton, Edward Miller, and Richard Varner received managers' numerals.

Up and Over

Holly Wins!

CENTRAL DISTRICT MEET

Newark's track team finished second to Columbus North in the district. North's mighty team rolled up $91 \frac{6}{7}$ points to Newark's $34 \frac{3}{14}$ points. Newark entered the meet with a fair team and finished in a fine position. Every boy on the team did his best for Newark High on that day. Newark's best showing for the meet was a second and a third in the shot put. We also scored a second in the 100 yard dash, and a second in the broad jump.

CENTRAL OHIO LEAGUE MEET

The Wildcat track team won the C. O. L. championship this year in a meet where many records were broken. All the new records were made by Newark track men. Newark took the meet by the score of 122 points to the second place team, Marietta's, 64 points.

Bob Forgrave broke the 120 yard high hurdles record, Norman Duvall broke the 440 yard dash record, Harry Dorsey broke the 880 yard run record, Cleo Fears broke the broad jump record, and Newark's 880 yard relay team established a new record.

District Champs

Row 1—Dunn, Chaney, Rico, Meyers, Baughman, Mix.
Row 2—Hall, Milligan, Busby, Walker, Seesholtz, Glover, Steinman.

The Newark High school cross country squad completed a very successful season. Coached by A. B. Long, the squad engaged Mansfield, Columbus North, and Columbus Central in dual meets, winning all three meets. They also participated in the Springfield Invitational meet, and won the district cross-country championship.

In the Mansfield meet, James Glover finished first, Ernest Busby second, Duane Myers third, William Hall fourth, and Bob Milligan sixth. In

the Columbus North meet Glover again finished first, Myers ran fifth, Hall ran sixth, Milligan finished seventh, and Busby came in eighth. In the Columbus Central meet, Glover again was the first runner to cross the finish line for Newark, this time in third place, Busby in fourth place, Myers in fifth place, Hall in sixth place, and Milligan in seventh place, followed in that order.

Lettermen include Glover, Busby, Myers, Milligan, and Hall.

Pros

Jack Horschler, Bud Woltjen, Wayne Byers, Gene Shaw

The 1939 golf team coached by Mr. Luther Hanshue finished their season with one win and four losses. The only victory gained by the Wildcats was recorded over Granville. In a rematch, however, Granville defeated the Wildcats. A double defeat at the hands of Coshocton's great team, and a single loss to Columbus Grandview

accounted for the other losses.

The squad was composed of Ralph Woltjen, Jack Horschler, Eugene Shaw, and Wayne Byers. Of the four boys all were seniors, except Byers. Byers, only a sophomore, remains to carry the Wildcats' golf attack for the next two seasons.

Big Leaguers

Last year's intramural baseball unexpectedly ended in a tie between the seniors and the sophomores; each winning a total of four games to the juniors' one. Although outclassed in actual games by the sophomores and seniors, the juniors were just as outstanding in individual honors in bat-

ting and fielding averages as each team claimed four lettermen. Each year the twelve boys having the highest averages are awarded letters. Last year's lettermen were Allen, Woltjen, Houpt, Loughman, Adams, Montanaro, Penick, Walker, Cocanour, Warden, Green, Tate.

Girls' Gym Class

For the past fourteen years, Miss Florence Myer has been supervisor of the girls' athletic department. To the regular physical education program, there has been added in the last few years the health class which meets once every two weeks. In the gym classes there are many types of games available. Some are shuffleboard, deck tennis, badminton, and ping pong, along with the regular basketball, baseball, and volley ball. The objectives of the health classes are: to acquaint the individual with

the conditions of personal welfare, to insure that the pupils be physically and mentally fit, to try to control the environment of the school to protect and promote the health of the individuals concerned. The girls may earn letters by obtaining a certain number of points for the participation in a certain sport. A girl must total one thousand points for a red letter and fifteen hundred points for a white letter. This is the only way that girls may receive letters.

Hockey

Dorothy Spitzer

Marian Myers

This year each class had a hockey team. The captains of these teams were Betty Rubel, Aileen Mills, and Ruth Anderegg. All the hockey games were played at Everett's field with Miss Myer as supervisor.

Although the sophomore and junior teams gave strong opposition to their

opponents, they were unable to take the championship from the senior teams. Among the outstanding players were Marian Myers, Geraldine Hess, Dorothy Spitzer, Dorothy Beabout, Jeanne Allen, Aileen Mills, Patsy Ashley, Edith Myers, Helen John, and Margaret Lee Wolfe.

Because of the number of girls wishing to play volley ball this year, there were four teams: one senior, one junior, and two sophomore. The captains of these teams respectively were Dorothy Beabout, Ethel Brooks, Helen John, and Maxine Dodd. Helen John's sophomore team finally won the championship, after having tied with the senior team in the number of

games won and lost. All the games were played on Friday afternoons in the high school gymnasium with Miss Myer officiating. A few of the outstanding players in this game were Mildred Mitchell, Dorothy Beabout, Marcella Shaw, Joy Mitchell, Ethel Brooks, Aileen Mills, Jeanne Allen, Eva John, and Helen John.

There were a large number of girls' interclass basketball teams this year. Since so many girls wished to play ball, three teams were organized for the sophomores, three for the juniors, and two for the seniors. The captains

of these teams were Jean Applegate, Viola Smith, Mildred Mitchell, of the sophomore teams, Betty Iden, Virginia McDaniels, Marian Miller, of the junior teams, Jeanne Allen, Marcella Shaw of the senior teams. Jeanne

Allen's senior team was the undisputed champion. The games were played in the gymnasium on Mondays and Fridays after school, with Miss Myer officiating. Some of the outstanding players this year were Jeanne Allen, Marcella Shaw, Jean Williams, Aileen Mills, Mildred Mitchell, Maxene Dodd, and Virginia McDaniels.

Telephone Service a great convenience,
the best approach to employment
Indispensable to success in business.

Remember **UNDER-GRAD**
when you're style scouting for Graduation

If you want to do a bit of style browsing
before you decide what you want — go
right ahead. All that we ask is that you
remember "UNDER-GRADS" at Hermann's
. . . . you'll find them hard to equal and
impossible to beat.
